

SOUNDWAVES MUSIC PROGRAM

For Aspiring Young Musicians

The goal of Soundwaves is to provide music lessons to everyone and anyone without having to worry about finances on the students' end or the teachers' end. We provide **FOUR FREE LESSONS** for the student to feel out which instrument they would like to lean towards and see if they hold an interest for lessons before committing to scheduled weekly lessons. Through the Soundwaves Program, we are able to provide some financial support with payment for lessons if assistance is needed.

Half-Hour: \$30/lesson

Full-Hour: \$50/lesson

****Families receive 10% off monthly total with full-month scheduling****

The Soundwaves Program will teach aspiring musicians interested in **guitar, bass, drums, ukulele, piano, and music production** a variety of techniques in an attempt to **strengthen musical compositional skills** and **general knowledge of music and music theory**. Soundwaves believes that with thorough coaching through the general concepts of music, musicians will be **capable of achieving any goal** they may set for themselves, as well as **capable of learning any song they're interested in performing**.
